

FAMILY TEAMS LEAGUE TABLE 2019

Family League - Final Team Standings

You will be automatically included in this league table if your team contains two or more people that are related to each other and you ticked the 'Family Team' box when you entered. Only your best one-day adventure race result (in terms of most series points) counts towards your position which will be finalised after the last one-day race of the series / year. Teams can therefore try to improve their position / score by taking part multiple one-day races throughout the year. The most recent change - **increase in points** / **drop in position** - (i.e. since the previous race) is shown down the left hand side.

| Change in points in position | Position | Team Name | Team Members (All) | Category & Position | Class & Position | Veteran | Events | Best Event | Best Result | |
|------------------------------------|----------|---------------------------|---|------------------------|---------------------|---------|--------|------------|-------------|---------------|
